Multiple commercial uses (storage,
workshop, vehicle use)

Large outbuilding with ~2,400 sq ft
storage potential

Property details

A rare opportunity to acquire a unique lifestyle and business property in the highly sought-after parish of St Owen.

This is a rare business opportunity to acquire a small but significant part of Jersey heritage, offering both lifestyle appeal and strong commercial potential. The agricultural field extends to approximately 3.73 verges and is complemented by a substantial outbuilding currently utilised for storage and packing.

The building offers around 2,000 sq ft of adaptable space, with plans available to create up to 17 individual 24/7 storage units—an asset in Jersey's constrained property market. Alternatively, the space lends itself to a variety of uses including a garage workshop, storage for vintage or classic vehicles, boats or trailers, or equestrian-related use with land available for grazing. The flexibility of the site allows purchasers to tailor the property to their own business or lifestyle requirements.

To the front, the detached bungalow provides well-proportioned accommodation including three double bedrooms, a comfortable sitting/dining room with multi-fuel stove, and a separate eat-in kitchen. While the property is presented in fair condition, it offers clear scope for modernisation, allowing a purchaser to create a highly desirable rural home.

Overall, this is a unique and adaptable property with multiple income streams and long-term potential, rarely available in such a peaceful countryside setting.

Mains drains

Borehole water

Oil fired central heating
