Property details

Completed as part of an exclusive farm complex redevelopment in 2017, the property enjoys an elevated position tucked away along a quiet country lane, with far-reaching views across the surrounding landscape, while remaining just a short drive from St Helier and several of the island's secondary schools. Arranged across three floors and extending to approximately 1,626 sq. ft., the home has been thoughtfully designed to maximise both light and space.

At the heart of the property is a stunning open-plan kitchen and living area, featuring high ceilings, generous proportions, and large south-facing openings that flood the space with natural light and create a seamless connection to the garden beyond. The accommodation offers four double bedrooms and three bathrooms, providing excellent flexibility for growing families, guests, or those working from home. The top-floor primary suite creates a private retreat, complete with a dressing room and en-suite shower room.

Externally, the property benefits from a beautifully enclosed south-facing garden with both patio and lawned areas, creating an ideal environment for outdoor dining, entertaining, or family life. Residents also enjoy access to a communal shared field, offering additional outdoor space for children and recreation. Further benefits include a large single garage with electric door and power, two additional parking spaces, visitor parking, electric underfloor heating, and low-maintenance modern living within an attractive rural development. A rare opportunity to acquire a stylish and spacious home that successfully blends contemporary comfort with the charm of a countryside barn conversion.

Set within the beautifully restored Highstead Farm development in the heart of rural St Saviour, this exceptional four-bedroom barn conversion combines character, space, and modern family living in a truly peaceful countryside setting.
