Property details

Located in a central and convenient part of town, this former Victorian style home offers an excellent opportunity for those looking to take on a rewarding renovation project. Spread over multiple floors, the property presents fantastic scope to create a spacious family home, a house with a self-contained basement flat, or conversion into multiple residential units (subject to necessary planning).

Although in need of full refurbishment, the property retains character features and generous proportions throughout. To the rear, there is the added bonus of a large single garage—an increasingly rare find in this area.

This property is ideal for developers, investors, or ambitious owner-occupiers looking to create something truly bespoke, this is a chance to unlock the potential of a sizeable townhouse in a sought-after location.
